erred with pond lilies and which contained four or five puppy dogs of exceedingly diminutive proportions. As the conductor assisted them onto the car, each made a very appreciative bow to the crowd who had watched them with such a degree of interest.

Our racing neighbors are endeavoring to enforce a strict observance of the Sunday law. Mayor Mitchell recently issued a proclamation, which was served on every saloon-keeper in that city, prohibiting them from opening either the front or back door on Sunday. The saloon keepers have considered the matter, and agreed to keep the letter of the law in this respect, if all the cigar stores will also be compelled to close on Sunday. It is thought that the enforcement of the Sunday law is effected, the number of saloons will be considerably diminished next year.

Mr. Volney Atwood received a dispatch on Saturday from St. Albans, Vermont, conveying the sad intelligence of the death of his brother, Hon. Victor Atwood, who died on Friday evening, June 14th, aged 82 years. Two funeral services were held at St. Albans to-day. On June 5th the St. Albans Daily Messenger published the following personal item in relation to Mr. Atwood: "Hon. Victor Atwood began business in St. Albans 60 years ago last Saturday, June 1st. This is probably a longer continuous business record than any merchant in this section of the country can boast of—and possibly it has not been exceeded by any merchant in Vermont."

The funeral services connected with the burial of the late Byron Ellsworth Shumway, took place at Johnston on Saturday afternoon at three o'clock. The remains were brought from the northern hospital on the Green Bay morning express Saturday, and were met at Milton Junction by a large number of friends. The pall bearers from the junction to the home in Johnston were composed of his old schoolmates. The services at the home were very largely attended, and there were many tender expressions of love and tributes of affection for the deceased. The employees of the American express company in Milwaukee contributed many flowers, and likewise did his many friends at the Northern hospital. The Rev. Mr. McGowan, read the burial service, and the pall bearers from the home to the cemetery were Mr. A. P. Burnham, of this city, and H. W. Keith, A. C. Neal, and H. Fulkerson, all of Milwaukee and connected with the American Express Company.

Mr. Shumway had been in the employ of the American express company for many years. He was connected with the Milwaukee office for six or seven years, and was then transferred to the office at Ashland. Several months ago he was taken ill of typhoid fever, and while paying a visit to his brother-in-law, Dr. Charles E. Booth, superintendent of the Northern hospital, in the early part of the winter, a complication of diseases set in, and finally resulted in his death on Thursday afternoon the 13th instant, at 4:30 o'clock. Mr. Shumway was 26 years old, whose life promised much, and a very wide circle of friends throughout the state will deeply mourn his untimely death. During his long and painful illness he displayed remarkable fortitude and hope, and his bearing to the very moment of his death, was sublimely patient and cheerful. He leaves aged parents, Mr. and Mrs. E. Shumway, of Johnston, and seven brothers and sisters—Mrs. Esther Ose, of Clinton; Mrs. Dr. Booth, at the Northern hospital; Mrs. Louise Pierce, of DeKalb, Illinois; Mrs. Frank Babcock, of Kansas; Mrs. Lotta Coy, of New York; Mr. Arnold E. Shumway, of Janesville, and George L. Shumway, of Johnston.

IN THE COURTS.

JUDGE BENNETT GRANTS ELBA S. VAN VALLEN A DIVORCE THIS MORNING.

The divorce case of Elba S. Van Valen vs. Thaddeus Van Valen, was brought before Judge Bennett this morning. The ground of the complaint was cruel and inhuman treatment. The testimony showed that Mrs. Van Valen had frequently received inhuman treatment at the hands of her husband. That he had struck his wife, in a manner to cause much bodily pain, had pinched and bitten her until her arms were black and blue, pulled her out of bed when sick, and failed to decently support her either in the way of provisions or clothing. Once when she was dangerously sick and the doctor ordered a mustard plaster applied, the defendant made an application of onions. The doctor was obliged to prepare the mustard plaster himself. The defendant received a salary of \$30 per month besides being engaged in other businesses. The divorce was granted.

Col. G. W. Bird, of Madison, and Hon. E. Miner, of Milwaukee, also argued the motion before Judge Bennett to open judgment on \$18,000, recovered against the town of Waterloo, Jefferson county, on some railroad bonds.

Motions for new trials in several cases were heard this afternoon.

Judge Bennett will go to Monroe in the morning, will return in time to hold court in this city Wednesday, and Thursday, June 20th, go to Jefferson.

The bastardy case of Miss Louise Braege vs. John Curtis, was brought before Judge Patterson this morning in the municipal court and the case adjourned until Monday, June 24th.

IT WAS A FRAME HOUSE.

One of the Men Who Whip-sawed the Lumber Still Lives.

FACTS FROM MRS. ATWOOD.

The First Frame House Built in Janesville—Other Early Reminiscences.

"I don't know that I care to say anything now about the matter," said Mrs. Volney Atwood to a representative of the Gazette, who called at that lady's home on South Franklin street to gain some further particulars regarding the first "frame" house built in Janesville.

"I understood you desired to contradict Mr. E. G. Fifield's statement, when he said there was not a frame house in the Rock river valley between Beloit and Green Bay, when he came to Janesville;

A few minutes before, a gentleman, lady and little child were seen riding in a single carriage down Main street. A peculiarly happy expression was noticed on their faces. But it was not as it might have been. The woman was another's wife than that of her companion.

The real husband appears on the scene. The expression of all three faces is suddenly altered. A spirit of desperate jealousy seizes the husband and wife. He seizes the companion of his wife by the arm and, in a state of revengeful ecstasy, pulled him with such force to the ground as to completely scatter that fellow's wits.

The child, in the excitement fell over the dash board to the horse's feet. The mother sprang out on the opposite side, and, and poignantly acquired of her husband. "Why ain't you at home and in bed at this unseasonably hot time of the night?"

"Help! Help! Help!" Slanted the wife's piteous cry as she broke away from the husband and made a desperate effort to lose herself on the opposite side of a neighboring house. "I'll help you," said the husband. "I'll give you all the help you want," just at which instant both men fell over a promiscuous pile of watering cans and flower pots, and it was difficult to tell who was who. As soon as the man in need of so much help could extricate himself, he made for a philanthropic looking gentleman who was well known down Main street, and with the humility of a child pleaded for help. In a few minutes the husband appeared and asked if there was any body present who would call Marshall Hegon. By this time the other had come to himself and suggested that they both get into his buggy, and make an official call on the Marshal.

The flower beds in the door yard of the proprietor of the Main street green house were in a dilapidated condition this morning. A gentleman was heard to remark as he passed by the place at an early hour, that it reminded him of the time when the cows all got out. Nearly all the residents of Main street looked upon this morning. They say this sort of business is to be kept up that vicinity, they will get a bull dog or two apiece and see what can be done about it.

When last seen the two men who had created the rumper were in the buggy driving towards town in search of the marsh.

AN INSTITUTION WORTHY THE NAME.

This morning a Gazette reporter visited the Kinney & Sanlens' Business College and Phonetic Institute and found the commodious rooms, well filled with students enjoying the skillful instruction afforded by this practical institution. In brief, the seating capacity for all the departments is five hundred. The instructors are thorough and practical, having had years of actual experience in their respective vocations. Mr. Kinney has been with us for the past twenty years and is known far and wide as a practical accountant and popular teacher. He has given careful attention to the workings of the various business colleges in this country, and has adopted their best features.

Mr. Sanders, for years United States court reporter, has a national reputation as a stenographer. Such an institution is a credit to Janesville, and when such superior advantages as it offers to the public are once considered, it is no wonder that the desks are crowded and the school in a most flourishing condition.

SHE WAS MARRIED.

ALL WAS SERENE UNTIL THE HUSBAND AND FATHER APPEARED.

"Help! Help! Help!"

These were the cries that disturbed the people on South Main street last evening for many blocks around. It was at the hour when all well disposed, temperate people had retired.

Some of those who had been attending one or the other of the "missionary meetings," and had been detained a little later than usual, were just passing the old shoe factory when their devotional line of thought was suddenly interrupted and shattered by a scene, the like of which many of the company had never witnessed.

A few minutes before, a gentleman, lady and little child were seen riding in a single carriage down Main street. A peculiarly happy expression was noticed on their faces. But it was not as it might have been. The woman was another's wife than that of her companion.

FROM SUNDAY PULPITS.

Some Sentences Gathered From Yesterday's Sermons.

TALK ON TRUTH AND LIFE.

The Gambling Question Treated in an Able Manner—Baptism Administered.

Janesville people are beginning to take rainy Sundays as a matter of fact, and yesterday morning in spite of the disagreeable drizzle, threatening black clouds, and an occasional distant peal of thunder the services were unusually well attended.

At the Presbyterian church the pastor took for his subject, "Let us run with patience [the race set before us]." The word "race," in these times is associated with a contest of speed between horses, a mere pastime. In the age when Paul wrote, man ran, and the great national foot race was an occasion of honor to all the contestants. To win and receive the victor's crown of olive leaves was to receive highest honor that a citizen could gain. To this race Paul likened the christian life. The foot race was in a great amphitheatre in the presence of many thousands of spectators. So christians in running the race of life are compassed about with a cloud of witnesses. The result in olden times was a crown of leaves which soon faded. The end of the christian's race is a crown of glory.

Dr. Hodge took for his subject, "Giving ourselves to the Lord, and to His People." "Those who can give themselves to God can readily give themselves to his people. We do not have to go back to the time of the Patriarchs to find christian martyrs. There are more of them right in our midst than many are aware of. It is of vital importance that the first step in a christian life is taken right. If we fail in the first step we are apt to fail in the second. If we begin right we shall succeed and at last receive the welcome approval 'well done good and faithful servant.' At the close of the sermon the rite of baptism was administered during which time the choir rendered appropriate music, making the ceremony a very solemn and imposing one.

At the Court Street M. E. church Presiding Elder R. M. Bosworth took for his text, "What is Man?" "David lost his bearings," said the preacher, "he was looking through the telescope from the wrong end. Man isn't so much of a being after all. Put all the people in the world into the state of Texas and each person would have a sixteenth of an acre to himself. Mentally man is mighty, but his moral nature is greater than all. Greater advances are being made in man's moral and religious nature than we can conceive of.
